

## ***FREE SUPPORT AND DATA MIGRATION***

At CSCI it is our belief that you should not be held captive to your GrowthPower system just because of the cost of data conversions into a new system. Purchase EPICOR9 from CSCI and receive:

- Free support on GrowthPower from the time of a signed contract until you go-live on EPICOR9.
- Free data migration of items out of GrowthPower into EPICOR9, like:
  - Parts
  - Customers
  - Vendors
  - Open Sales Orders
  - Open Purchase Orders
- Extraction routines for **all** of your GrowthPower data which can then be imported into a data warehouse area giving you full access to it for historical reporting and allowing you to retire your HP3000.

As a certified partner with EPICOR, CSCI has the knowledge and expertise to get you up and running on EPICOR9 swiftly.

The staff at CSCI has worked with GrowthPower since release 7.06 as developers, users and support specialists. With over 20 years of manufacturing software experience we have the knowledge to assist you in all aspects of a new system.

We are available to assist you with an open minded outside evaluation of your companies utilization of your current manufacturing packages, provide process improvement and training to help your company maximize your software investment resulting in better customer satisfaction through on time deliveries and commitment dates. Reduce inventory and other costs through improved requirements planning.
